### Extinguishing Liberty's Torch.

An Associated press dispatch under date of New York, February 14, conveys this information:

Liberty's torch is to be put out. The lofty light in the hand of the bronze goddess, standing on Bedloe island, in the upper New York bay, that has been allowed to grow steadily dimmer since Bartholdi gave the magnificent statue to the United States, is to be permanently extinguished.

Sentiment, it is said, which has kept the beacon burning all these years, can no longer keep it alight, and now the government will snuff it for all time.

News of the contemplated extinguishing of the torch has been received here in the form of a notice to mariners, sent out by the lighthouse board of the treasury department at Washington.
